DESCRIPTORS	Academic Education; Agricultural Education; Behavioral Sciences; Biological Sciences; Business Education; College Students; Conferences; *Correspondence Courses; *Credit Courses; Education; Engineering Education; *Evening Colleges; Females; Health Occupations Education; High School Students; Humanities; Interdisciplinary Approach; Males; *Noncredit Courses; Physical Sciences; Special Degree Programs; Statistical Analysis; Tables (Data); *University Extension; Workshops

ABSTRACT

This report provides, in tabular form, Association of University Evening Colleges (AUEC)-National University Extension Association (NUEA) programs and registrations for 1970-1971. Academic subjects are grouped under the following basic headings: Agriculture, Behavioral Sciences, Biological Sciences, Business, Education, Engineering, Health Professions, Humanities, Law, Physical Sciences, Interdisciplinary, Other, and Not Categorized. Six tables present the following information: AUEC-NUEA Programs and Registrations by Institutions; AUEC-NUEA Class Program; AUEC-NUEA Conference, Institute, Workshop Program; AUEC-NUEA Correspondence Course Program; AUEC-NUEA Statistical Summary; and AUEC-NUEA Programs and Registrations by States. AUEC-NUEA DEFINITIONS

Type of Instruction

Class: A group of students which meets regularly but which has intervening time periods between meetings. It is conducted over a period of several weeks and is given face-to-face instruction by a teacher or lecturer.

Conference, Institute, Workshop: An organized instructional program which meets for three hours or more in continuous session except for meals and recesses.

Correspondence Course: A program, involving a continuing exchange between instructor and student, conducted primarily by written communication.

Credit

Degree Credit: An activity may be either undergraduate, graduate, or post-graduate. Whenever a course qualified for both undergraduate and graduate credit, classify the course as graduate only if the majority of students are usually graduate.

> Undergraduate: A college-level course that carries credit toward an associate or bachelor's degree.
>
> Graduate: A college-level course that is creditable toward a master's or higher degree or is postgraduate.

Nondegree Credit: A college-level course that is creditable toward a certificate or diploma but not toward an associate, bachelor's or higher degree.

Noncredit: A college-level course which carries no credit toward a credit certificate or diploma, or an associate, bachelor's or higher degree.

Registration and Student

Registration: One enrollment in a single course or conference program. Registrations refer only to the number of enrollments; they do not refer to individual persons.

Student: The individual person registered in one or more courses. A student may account for more than one registration.

ACADEMIC SUBDIVISIONS

Academic subjects are grouped under basic headings modeled after those used by the U.S. Department of Health, Education and Welfare. Because of the need for limiting basic categories many traditional and important subjects, e.g. Architecture, are catalogued under the heading "Other."

Registrations for which subject matter information was not available are listed as "Not Categorized."

The basic groupings with examples of subjects are as follows:

Agriculture: Agronomy, Animal or Dairy Husbandry, Forestry, Horticulture, Plant Pathology, Soils, etc.

Behavioral Sciences: Anthropology, Economics, History, International Relations, Political Science, Psychology, Social Welfare, Sociology, etc.

Biological Sciences: Anatomy, Bacteriology, Biology, Biophysics, Entomology, Zoology, etc.

Business: Accounting, Business Administration, Real Estate, Security Investments, etc.

Education: Counseling and Guidance, Elementary Education, School Administration, Speech Correction, etc.

Engineering: Aeronautical Engineering, Civil Engineering, Electrical Engineering, Mechanical Engineering, etc.

Health Professions: Dental Hygiene, Medicine, Occupational Therapy, Public Health, etc.

Humanities: English, Fine Arts, Foreign Languages, Literature, Philosophy, Religion, etc.

Law: Constitutional Law, Estate and Gift Taxation, Legal History and Jurisprudence, etc.

Physical Sciences: Astronomy, Chemistry, Mathematics, Meteorology, Physics, etc.

Interdisciplinary: Two or more basic groupings; an example of an "Interdisciplinary" program might be a conference on air pollution which addressed the problem in terms of its legal, scientific, behavioral and health aspects.

Other: See above.

Not Categorized: See above.
